\$20.00 of each entry goes toward the prize money.

Rider must have entered the Classic before entering the qualifying division.

To be judged on performance and soundness with manners emphasized. To be scored under the open numerical judging system. Each competitor will jump approximately 8 fences at 2'9" for Class 94 and 2'6" for class 95. The second over fence class of the division will count as the first round of the Classic. The top 12 horses will return in order, lowest to highest for round 2. In the event of a tie, order of those tied will be drawn. Scores will be averaged from both rounds to determine the winners. In case of a tie, for first place only, the tied horses will return to jump a shortened third course. In the event of all other ties, the prize money will be added and divided equally and the riders will toss a coin for the ribbons.

- In the event horse/rider combination participates in two qualifying divisions, the highest score from their second round will be used to determine their order of go for the Classic round.
- Classic round points will not be awarded for division or year-end championships.
- Horses will be jogged for soundness. Failure to jog will result in forfeiture of prize money.
- Classic entry fees are NON-REFUNDABLE
